3 parts and those parts can be hidden anywhere within a vehicle or residence. I know based on my
4 training and experience that handguns, as well as other firearms, are commonly dismantled and
5 their parts hidden in different locations, or traded with other parts, in order to prevent discovery
6 by law enforcement. In addition, the practices of dismantling and hiding firearms are done in an
7 effort to disrupt the potential success of ballistic testing when the firearm is found by law
8 enforcement. I know that these handgun parts can be hidden anywhere to include, but not
9 limited to, residences, pockets of clothing, vehicle compartments, envelopes, plastic baggies,
10 Tupperware type containers, coffee cans, film canisters, and other small containers.

11
12 That, in reviewing all the above listed information, I have probable cause to believe the
13 vehicle itself is evidence of the murder of Daniel Brophy. I have further probable cause to
14 believe evidence of Murder and Unlawful Use of a Weapon will be found in the gray colored
15 Toyota Sienna mini-van with Oregon license plate "067BQX" for items of evidence related to
16 the murder of Daniel Brophy. The vehicle is currently registered to Daniel Brophy at the address
17 of [REDACTED] City of Beaverton, County of Washington, State of Oregon.

18
19 That I therefore ask the above-entitled court issue a search warrant authorizing the seizure
20 and search of the following: A gray colored Toyota Sienna mini-van with Oregon license plate
21 "067BQX" for items of evidence related to the murder of Daniel Brophy. The vehicle is
22 currently registered to Daniel Brophy at the address of [REDACTED] City of
23 Beaverton, County of Washington, State of Oregon.

24
25 To search for, and seize instrumentalities, and evidence of the crimes of Murder, as
26 defined in Oregon Revised Statute 163.115, and Unlawful Use of a Weapon, as defined in

1 **IN THE CIRCUIT COURT OF THE STATE OF OREGON**
2 **MULTNOMAH COUNTY**

3 Oregon Revised Statute 166.220, and to authorize the processing, testing, analyzing, comparing,
4 and/or searching of this evidence by me and other Detectives with the Portland Police Bureau,
5 Criminalists from the Portland Police Bureau Forensic Evidence Division and/or other Forensic
6 Investigators with the Oregon State Police Criminal Laboratory, or any other sworn law
7 enforcement agency within the State of Oregon;

8
9 To include: Evidence of the crimes of Murder and Unlawful Use of a Weapon, including,
10 weapons, firearms, fingerprints, photographs, written material such as journals and notes, cellular
11 phones, computers, electronic tablets, and other electronic devices that use cellular technology to
12 connect to the internet as well as devices that have internet web browsing capabilities, biological
13 materials or trace evidence, and evidence of ownership and correspondence, including text
14 messages, email, internet site information for the selling and purchase of items (i.e. Craigslist or
15 Offer-Up), postal oriented mail, and purchase receipts or purchase agreements;

16
17 **3. Electronic Devices**
18

19 I am requesting a warrant to seize the cell-phone, computer/laptops, and electronic tablets
20 from Nancy Lee Crampton-Brophy. Given the information in the affidavit, it is more likely than
21 not that Nancy Lee Crampton-Brophy was involved in the murder of her husband Daniel Brophy
22 on June 2nd, 2018. I will submit a subsequent affidavit and warrant to search the contents of the
23 above listed seized items.

24
25 I know based on my training and experience that cell phones, computers, and electronic
26 tablets have the capability to browse the internet and such browsing history is stored within the

1 **IN THE CIRCUIT COURT OF THE STATE OF OREGON**

2 **MULTNOMAH COUNTY**

3 memory of the cell phone, computer, and electronic tablet. I further know based on my training
4 and experience that persons committing offenses described herein will, more likely than not,
5 possess evidence of their criminal acts within their cell phone, computer, and electronic tablet
6 internet browsing history. I know from my training and experience the information stored in
7 these electronic devices can be retained for long periods of time. Such evidence includes
8 plotting, planning and execution of the crime such as researching the location of the crime,
9 researching how to commit the crime including what weapons may be desirable to facilitate the
10 crime and purchasing items and weapons from the internet to assist in the facilitation of the
11 crime. Such evidence also includes apprehension avoidance and concealment of evidence after
12 the crime. I know from my training and experience investigating similar crimes that internet
13 browsing history providing evidence of the crime will, more likely than not, be found throughout
14 the planning phase of the crime until the date of apprehension. Internet browsing history about
15 the crime involving the plotting, planning and execution will, more likely than not, be found
16 throughout the planning phase of the crime and through the date of the crime while internet
17 browsing history after the crime involving discussions of the concealment of evidence linked to
18 the crime and apprehension avoidance, more likely than not, will be found until the date of
19 apprehension;

20
21 Based on the foregoing, I believe that probable cause exists for evidence of the crimes of
22 Murder (ORS 163.115) and Unlawful Use of a Weapon (ORS 166.220), will be found inside; 1.
23 The residence located at [REDACTED] City of Beaverton, County of Washington,
24 State of Oregon. This location is a two story residence with a detached garage; two tone blue
25 colored siding with white colored trim around the windows and eaves, and a gray colored
26 composite roof. The numbers [REDACTED] for the residence are affixed to the right side of the front

3 door; 2. The vehicle registered to Daniel C. Brophy and driven by Nancy Lee Crampton-Brophy,
4 a gray colored Toyota Sienna mini-van with Oregon license plate "067BQX;" 3. The cell phone
5 of NANCY LEE CRAMPTON BROPHY with assigned phone number [REDACTED] along
6 with any computers, electronic tablets, and any other electronic devices with internet access;
7

8 Nancy Lee Crampton-Brophy was placed into custody outside her residence on
9 September 5, 2018. I was informed by Detective Merrill that he spoke to Detective Dan Andrew
10 who told him the following: Nancy Lee Crampton-Brophy spontaneously said upon her arrest,
11 "You're arresting me? You must think I murdered my husband." Later she stated spontaneously,
12 "I'm not a murderer, I just had to get that out." Detective Andrew heard dogs barking inside the
13 residence and Nancy Lee Crampton-Brophy stated no one was in the residence and was in the
14 process of selling the home and had moved furniture out of the home. Detective Andrew noted
15 that new grass sod was in the front yard, and several full trash cans on the property in front of
16 and along the side of the house.
17

18 I know from training and experience that premature disclosure of the contents of this
19 affidavit would jeopardize the investigation because it could release information known only to
20 law enforcement investigators. This could allow information to be released that could otherwise
21 be used to check the accuracy of information by witnesses and suspects related to this case.
22 Based on the foregoing, I request the affidavit be sealed until further ordered by the court,
23 excepting that it may be provided to the defense team in this case subject to the terms of any
24 protective order currently governing discovery in the case.

**Evidence****5. This is where most criminals get caught (linked to DNA).**

- If your crime involves any kind of weapon, use it and drop it. Leave it at the scene.
- Leave the body there. Do not touch the body at all. Do not move the body and do not try to hide the body.
- Do not take anything from the body.
- Wear the proper gear.
- Clean up.

**Timing****6. Timing is everything.**

### The Getaway

#### 9. You're almost in the clear!

- The best mode of transport is by bike. This will enable you to get off the roads if you need and to travel quickly.
- You do not want to be seen on the street walking (remember, the Zodiac nearly got caught this way).
- Fit in with your surroundings.
- Have a solid story.

### Aftermath

#### 10. What happened?

- Do not watch the television and avoid the papers for at least a month. The police can use these as tools to try to psych you out.
- Continue about your everyday life.
- Do not brag about your crime to anyone. Don't tell a soul.
- If you do get arrested, do not speak.
- The police need evidence to convict you - if you have done the job right, there won't be any.

AFFIDAVIT FOR

SEARCH WARRANT

5  
6 I, Darren Posey, having been first duly sworn, depose and say that I am a Police  
7 Detective, and I have been a sworn Peace Officer in the State of Oregon for 21 years, and have  
8 been a Police Detective for over 12 years of that time. I have attended the Department of Public  
9 Safety Standards and Training (DPSST) three-hundred and twenty (320) hour Basic Police  
10 Academy, as well as a DPSST certified three-hundred and sixty (360) hour Advanced Academy  
11 instructed by the Portland Police Bureau. I also attended a DPSST certified eighty (80) hour  
12 Detective Academy. In addition to this training, I graduated Bethany University with a Bachelor  
13 of Arts degree and graduated San Jose City College with an Associates of Arts degree. The  
14 academies I have attended included training on investigating homicides, robberies, and assaults. I  
15 am currently assigned to the Homicide Detail of the Detective Division for the Portland Police  
16 Bureau. My current job assignment includes the investigation and apprehension of subjects who  
17 have committed homicides, attempted homicides, and felony assaults;

18  
19 That I am seeking a search warrant for the following items: 1. An Apple I-phone  
20 belonging to Nancy Lee Crampton-Brophy, 2. a purple colored Lexar thumb drive, 3. a silver  
21 colored HP laptop computer with serial number [REDACTED], 4. a black and gray colored HP  
22 laptop computer with serial number [REDACTED] 5. A Garmin GPS mapping device;

23  
24 The following information is provided to establish probable cause relative to the  
25 information sought in this affidavit, and may not necessarily contain all of the facts and  
26 circumstances I am aware of relative to this ongoing investigation.

1                                   **IN THE CIRCUIT COURT OF THE STATE OF OREGON**  
2                                                           **MULTNOMAH COUNTY**

3           That On June 2, 2018 I was directed to respond to the Oregon Culinary Institute at 1701  
4 SW Jefferson Street, City of Portland, County of Multnomah, State of Oregon to conduct an  
5 investigation related to the homicidal death of Daniel C. Brophy. The assigned Case Number is  
6 18-183742. During the course of this investigation I oversaw the collection of information from  
7 the crime scene located in and around the Oregon Culinary Institute located at 1701 SW  
8 Jefferson Street, City of Portland, Multnomah County, and State of Oregon.

9  
10          After reviewing the initial police response, talking to officers present at the scene and  
11 debriefing with other investigators who were present, the following information has been  
12 developed regarding Case Number 18-183742. I was informed by Sergeant Whattam that police  
13 were called to respond to investigate a subject who had been recently shot with a gun and had  
14 died in one of the kitchen areas of the Oregon Culinary Institute at 0823 hours on June 2, 2018.  
15 The subject who had been killed was identified as Daniel C. Brophy who was an employed  
16 instructor at the Oregon Culinary Institute. I personally observed that Daniel C. Brophy's injuries  
17 were such that they could not have been self-inflicted, and no firearm was located at the scene.  
18 The location of the crime occurred inside the institute, and I learned from staff and personal  
19 observation the institute did not have any security surveillance camera systems. After contacting  
20 the students and other staff members responding officers were not able to identify any eye-  
21 witnesses who had heard or seen the actual crime occur. During the initial interviews with  
22 institute administrators I was unable to identify any subjects who had a current grudge or dispute  
23 with Daniel C. Brophy.

24  
25          While at the location of occurrence I conducted an audio recorded interview with the wife  
26 of Daniel C. Brophy. The wife's name is Nancy Lee Crampton-Brophy. Nancy Lee Crampton-

1                                   **IN THE CIRCUIT COURT OF THE STATE OF OREGON**  
2                                   **MULTNOMAH COUNTY**

3   Brophy told us she had come to the Oregon Culinary Institute because a friend had called her  
4   about an incident at the institute and it was on the news. Nancy Lee Crampton-Brophy told me  
5   she had attempted to call Daniel C. Brophy without result. We spoke to Nancy Lee Crampton-  
6   Brophy in order to determine when Daniel C. Brophy left his home and what routines he keeps in  
7   the morning. Nancy Lee Crampton-Brophy provided a timeline for when Daniel C. Brophy had  
8   left their house that morning and she also provided some background information about her  
9   husband. Nancy Lee Crampton-Brophy told us she believed Daniel C. Brophy left their residence  
10   in Beaverton sometime around 0705 hours and would have arrived at the institute about ten  
11   minutes or so later as they only live about five miles away. Nancy Lee Crampton-Brophy also  
12   indicated she was at home at the time her husband left the house. Nancy Lee Crampton-Brophy  
13   told us she did not know of any dispute or problem with any person that would provide a motive  
14   for this incident. Nancy Lee Crampton-Brophy told us Daniel C. Brophy was well liked at the  
15   institute and with the students. Nancy Lee Crampton-Brophy told us she and her husband had  
16   decided to buy a handgun in February of this year (2018) after hearing about the school shooting  
17   in Florida. Nancy Lee Crampton-Brophy told us she believed it was still at the house, but had not  
18   looked at it recently. Nancy Lee Crampton-Brophy said they had not used it as they were not  
19   really people that were familiar with guns. Nancy Lee Crampton-Brophy described the gun as a  
20   Glock handgun in 9mm caliber.

21  
22           While Nancy Lee Crampton-Brophy was at the Culinary Institute with us we asked if we  
23   could drive her back home and check if the firearm was still at the house, as we were unsure if  
24   Daniel C. Brophy may have had the gun with him at the Institute for protection, and it had been  
25   used against him in some way. Nancy Lee Crampton-Brophy agreed, and Detective Beniga and  
26   Detective Broughton travelled with her back to her house to check the condition of the firearm. I
